Recognizing that community and business leaders are routinely asked about how, where, and which non-profit organizations to support, we're offering to serve as your "right hand" resource.

Need a **Charity Locator**? Use NPcatalyst to identify the organization(s) which best fits your (or your clients) charitable interests, needs, and goals. We can even serve as a liaison during the initial or entire gifting process.

We also offer a **research tool**. Our website features profiles of over 300 non-profit organizations. Before proceeding with cumbersome research, take a look at our website. If we don't post the information you're seeking, just let us know and we'll find and deliver the information, thus saving you significant time and stress.

A solution to improve performance and increase funding for nonprofit organizations, our **HealthCheck** charity rating system provides greater insight and transparency for aspiring and savvy contributors.

GiftingWishes provides donors with an accountable way of contributing online, while providing nonprofit organizations with a resource to create awareness and raise funds, beginning with their "wish lists".

Contact us today to discuss how we can deliver solutions to your charitable investment goals, needs, and interests.

9645 Gateway Dr., Ste. B Reno, NV 89521 775-333-9444 info@NPcatalyst.com
